## INSTRUCTIONS FOR COMPLETING THIS APPLICATION

Please fill all applicable blanks on the front of this Application. Attach two complete sets of information where applicable: (Blueprints, Landscape Design Plans, etc.)

- 1) For proposed work that requires a City Building Permit, a complete set of contract documents, to scale  $\frac{1}{4}''=1'$ , is required. Some typical projects would include house additions, inside remodeling, major structural changes, trellises, perimeter fences, etc.
- 2) For all landscape, a plan of the proposed work. All plant materials should be identified by botanical name (Sunset or similar book), common name, container size and color, all shown in chart form on the side of the plan along with symbols (not colors) identifying placement of each plant on the plan. Large rocks and boulders, stepping stones, bark, gravel and other surfaces should be identified as to material, size and color. **NO MORE THAN 15%** (exclusive of driveways and walks) of the front yard area is permitted to be gravel, ornamental rock or decomposed granite. Also, show the placement of bender boards, dividers and mowing strips and identify materials.
- 3) For all other proposed work, a complete description and sketch of the improvement with dimensions, material, style and plot plan.

**NOTE:** Do not disturb existing drainage patterns without prior express written approval by the Architectural Committee. Work that may affect drainage to or from neighboring properties usually will not be approved. The Committee may require professional engineering in some cases.

Please bring or mail your Application and attachments to the Architectural Committee Office. Office hours at 6637 Oakmont Drive, Suite A:

Monday through Thursday: 9:00 A.M. – 12:00 Noon  
1:00 P.M. – 5:00 P.M.

**DO NOT BEGIN ANY WORK PRIOR TO RECEIPT OF APPROVAL**
