Pets Go Bag

Introduction

Don't forget to pack for your entire family, including your fur babies!
Consider preparing 2 emergency kits: one for home and one to have with you.

Supplies to Pack

The only difference between dogs and cat's supplies is food and toys.

Food & water - 3-day supply per pet (minimum, up to 2 weeks best)
- • Can opener & plastic lid
- • Non-spill collapsible food and water bowls
- • Single water pouches

Bedding
12-Hour green light stick (to see pets in the dark)
Emergency mylar blanket for warmth
Sanitation needs - kitty litter and box; plastic bags for waste disposal; paper towels.
Extra leash and collar with ID tag, harness (reflective)
Metal stake with tie-down leash
Nylon cord – 50'
Medications
Grooming items
Pet carriers, with emergency decal, name, address, and phone# affixed
Pet first-aid kit/manual/survival guide
Favorite toys, treats, beds (helps reduce stress)

Documents to Pack

Current photos of you and your pet together (to help document ownership)
Emergency contacts, including Vet
ID chip number and name of company
List of animal shelters & pet-friendly hotels
Medical and vaccination records, including rabies certificate
Pet identification info / id tags
Proof of pet insurance and contact info
Proof of ownership
Bucket w/ tight-fitting lid for food
Emergency storage supplies container

Things You Can Do Ahead

Take a pet first-aid/CPR class!
Practice crate training

Place "Pets Inside" stickers on doors and windows
* indicate the number and types of pets
* include phone number on sticker
* write "Evacuated with Pets" across stickers should you evacuate

Plan
Where to evacuate
Develop a buddy system
* share evacuation plans in case you're not home when there's an evacuation, your neighbors will evacuate your pets.
* location of pet's emergency kit
* designate specific 2 meeting locations (both close and far away)
Talk to vet about emergency planning
Gather contact info about emergency animal treatment
