

2022 Fire Safe Fair Vendors	
OAKMONT COMMITTEES	
Firewise Resource Committee	The Firewise Resource Committee will be providing information on the Firewise Policy, home hardening, defensible space, and firewise landscaping. Stop by the table to look at interactive displays, examine product samples, and sign up for a Firewise Assessment.
Map Your Neighborhood (MYN)	Find out about emergency prep in Oakmont; Tips for Red Flag Warnings, how to organize with your neighbors, and PSPS tips.
Oakmont Emergency Preparedness Committee (OEPC)	Bring your NOAA radios and cell phones if you need help with set up. Learn about Ham radios and Zone Communicator walkie talkies in Oakmont, and how you can participate in communications during an emergency.
COPE	Find out about COPE in Oakmont.
EXTERNAL VENDORS	
Best Fire Equipment http://www.bestfireco.com/	Best Fire specializes in the sale and service of portable fire extinguishers and Life Safety equipment to homes and businesses in the Northern California Wine Country. Oakmont residents can sign up for a fire extinguisher class at this table.
Ember Defense https://emberdefensellc.com	Ember Defense offers an extensive structure-hardening package of defenses such as vent screens, gutter guards, defensible space evaluations, and wildfire defense systems. Services include installation of vents, gutter guards, long-term fire retardant applications, Rapid Response, and multiple different sprinkler system options. Ember Defense will have a new vent product, called WASP kits, to raffle at their table.
Fire Safe Sonoma www.FireSafeSonoma.org	Fire Safe Sonoma is a 501(c)(3) non-profit and is the lead Fire Safe Council for Sonoma County. Fire Safe Sonoma has been educating residents about wildfire prevention and safety for nearly 25 years, taking on large-scale fuel reduction projects, and assisting local community groups with wildland fire risk reduction.
First-In Emergency Training & Supplies www.earthshakes.com www.firstintraining.net	FIRST IN Emergency Training & Supplies provides realistic hands-on training for emergency medical response in the workplace and at home. We also offer emergency preparedness and disaster supplies for times when professional responders can't arrive quickly. Demonstrations of the AED (defibrillator) will be conducted at 4pm and "Stop the Bleed" bandaging techniques will be at 5:45pm.
Portillo's Fence http://portillosfence.com/	Gil makes custom designed metal gates and fences that are more resistant to fire. Products are made from Sylvanix, Dasso XTR, Brazilian IPE, Hardie/ Cement board, and solid metal fence. Visit Gil's table and check out his new, custom rafter/eave cover, designed to keep embers from getting inside the gap that is sometimes found between the rafters and the roof.
Santa Rosa Fire Department https://srcity.org	Santa Rosa Fire and Santa Rosa Emergency management will be sharing information on being Wildfire Ready and general emergency preparedness.
SoCo Emergency Dept https://socoemergency.org/get-ready/ https://socoemergency.org/preparese/	Stop by SoCo Department of Emergency Management table and pick up information of NOAA Radios, Sign up for SoCoAlert, and get an Evac Pack planning guide to help you get ready for any disaster.
Sonoma Ecology Center www.sonomaecologycenter.org	Sonoma Ecology Center will share information about firewise landscape options that are also sustainable, water conserving, and that provide habitat for birds, pollinators, and other wildlife. Sonoma Ecology Center partners with the Master Gardeners of Sonoma County, Fire Safe Sonoma, and the Habitat Corridor Project to create the Resilient Landscapes Coalition, an organization with a mission to provide education and outreach on sustainable defensible space.
Wildfire Mitigation Advisors https://www.wildfiremitigationadvisors.com	Wildfire Mitigation Advisors.com provides comprehensive guidance on wildfire readiness for property owners, community members, and First Responders. We do not sell any products and are Certified Wildfire Mitigation Specialists.
Wildfire Services Group https://www.wildfireservices.biz	Wildfire Services Group is focused on wildfire resilience at both the community and parcel level. We provide assessments through our Fire Hazard Report which is completed by our in-house team of Certified Wildfire Mitigation Specialists. We also provide mitigation work for home hardening and defensible space work for homeowners.
