

Hello! I'm your neighbor, I'm worried about what will happen when we have a major, debilitating earthquake here in Oakmont, and I am willing to do something about my deep concern.

You might know about **Meet Your Neighbors (MYN)**, Oakmont's emergency preparedness program designed to help neighborhoods prepare for disasters. It is a team-based program that provides education & resources to help neighborhoods prepare for disasters. It's about **neighbors helping neighbors**.

I am inviting **YOU**, and our other neighbors, to a meeting to organize ourselves and **create a neighborhood plan** along the lines of MYN's excellent program. We may be on our own for several days as first responders may be unable to get to Oakmont. What are we going to do? What can we do? Together we can do a lot to reduce injury and increase safety.

I encourage you to join our neighbors in this opportunity to gather, organize and make plans. If you need that extra motivation to get your go-bags packed or pull the important documents you've been meaning to gather, now is the time to do that.

**Meeting details:**

**WHEN:** \_\_\_\_\_

**WHERE:** \_\_\_\_\_

**RSVP:** \_\_\_\_\_

During our neighborhood meeting we will learn steps to take immediately following a disaster; create a list of names and addresses of our neighbors and a map with names and utility shutoffs, identify the skills & equipment each neighbor has that could be useful in a disaster, and make plans for those who may need extra help. It is critical that we learn how to help each other during a disaster.

**Please RSVP – yes or no to me via**
